Dear Parents/Guardians,

St. Mary School will be participating in the Monroe Township Halloween Parade on Saturday, October 19, 2019.

We would like to invite our students to walk together and/or ride on our float representing St. Mary School during the parade. In addition to our float, we will be carrying banners, handing out postcards and giving out candy.

**Our theme: ST. MARY SCHOOL SHINES BRIGHT THROUGH THE YEARS! ---we are trying to represent all decades: 50's, 60's, 70's, 80's, 90' and 2000's! This is in celebration of our 70<sup>th</sup> Anniversary!**

Any child who wishes to participate in grades Kindergarten through 8<sup>th</sup> grade will need to be dressed as part of this theme to walk with St. Mary School in the parade—the costume must be that of our theme-- **-NO EXCEPTIONS!** Because we will go in front of the judges, **we ask that all parents walking in the parade please dress in the theme costume and/or SMS Spirit wear as well.**

**Parents/Guardians, you will need to walk with your child during the parade or have a designated adult with them.** It will help keep all the students together and safe and then we will know they are picked up at the end. The parade ends at the Pfeiffer Center after we perform in front of the judges.

The parade begins at 7 pm and we are required to be in place anywhere from a half hour to an hour prior. If you plan to participate, please plan accordingly. We walk along Main Street in Williamstown and those walking will need to be able to walk the entire length of the parade. **We will meet at the CVS parking lot, Main St. and Black Horse Pike, no later than 6:15 pm in costume. We will be asking the students in costume to ride in the float! This is important as we need to fill the float with costumes!**

If you wish to participate, please fill out the form below and return it to school with your child by **Thursday, October 17<sup>th</sup>.**

Subject: Annual Notification of Asbestos Management Plan

To: Staff, Teachers, Building Occupants and Employee Organizations or Legal Guardians

In the past, asbestos was used extensively in building materials because of its insulating, sound absorbing, and fire retarding capabilities. Virtually any building constructed before the late 1970s contained some asbestos. Intact and undisturbed asbestos materials generally do not pose a health risk. Asbestos materials, however, can become hazardous when, due to damage or deterioration over time, they release fibers. If the fibers are inhaled, they can lead to health problems, such as cancer and asbestosis.

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which requires schools to be inspected to identify any asbestos containing building materials. Suspected asbestos-containing building materials were located, sampled (or assumed) and rated according to condition and potential hazard. Every three (3) years, St. Mary School will have a re-inspection conducted to determine whether the condition of the known or assumed asbestos containing building materials (ACBM) has changed and to make recommendations on managing or removing the ACBM. At the last re-inspection conducted on October 2, 2014, all materials listed in the Management Plan as asbestos containing (or assumed to be asbestos-containing) were inspected.

The law further requires an asbestos management plan to be in place by July 1989. St. Mary School developed a plan, as required, which will continue to be updated. The plan has several ongoing requirements: publish a notification on management plan availability and the status of asbestos activities; educate and train its employees about asbestos and how to deal with it; notify short-term or temporary workers on the locations of the asbestos containing building materials; post warning labels in routine maintenance areas where asbestos was previously identified or assumed; follow set plans and procedures designed to minimize the disturbance of asbestos containing building materials; and survey the condition of these materials every six (6) months to assure that they remain in good condition.

It is the intention of St. Mary School to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work. You are welcome to review a copy of the asbestos management plan in Diocese of Camden school administrative office or administrative office of the school during regular business hours. *Deacon Mike* is our designed asbestos program coordinator, and all inquiries regarding the asbestos plan and asbestos-related issues should be directed to *Deacon Mike* at 856-629-6190.

Dear Families,

The Box Tops for Education program is changing the way we can earn cash for our school!

Over the summer, participating brands have begun to change their packaging from the traditional Box Tops clip to the new Box Tops label.

SEE THIS...  
**CLIP IT**

SEE THIS...  
**SCAN YOUR RECEIPT**

Going forward, instead of clipping from packages and checking expiration dates, all Box Tops will be earned digitally by scanning your receipt. The Box Tops for Education team has worked hard to build a NEW-and-improved, user-friendly Box Tops mobile app, available now.

The new app features state-of-the-art technology that allows you to scan your store receipt, find participating products and instantly add Box Tops to our school's earnings online.

**BE SURE TO DOWNLOAD THE NEW APP  
OR UPDATE YOUR EXISTING APP:**

If you still have traditional Box Tops clips at home, make sure to send them to school. We will still earn cash for all clipped Box Tops until they expire. Better yet, you can "double dip" during the packaging transition by clipping traditional Box Tops AND scanning your store receipt containing participating products.

Thanks for helping our school get what it needs!
