# St. Mary School Rosary Fellowship

I give permission for my child to attend the **St. Mary School Rosary Fellowship**.

Meetings will be held on the **second and fourth Thursday** of the month from **2:45 pm until 3:20 pm with Mr. Bakley and Mrs. Bryson in classroom 4B**. Meetings will **begin October 13th**. Please pick up your student at the 2<sup>nd</sup> grade doors at 3:20 pm.

The inspiration of this club is to encourage a younger generation to employ the power of one of our church's greatest prayers, the Rosary. In addition to praying this beautiful prayer, meetings will allow discussions on the origins of and blessing from the Rosary. We will experience the peace of putting our special intentions in the hands of our Lord.

St. Mary Rosary Fellowship is for students in **4th through 8th** grades who truly wish to explore the power of prayer. Children are welcome to bring their personal Rosary beads, but it is not mandatory.

**CHESS CLUB**  
**2022 - 2023**

Dear Parents/Guardians,

We will be offering a Chess Club this year for students in grades K through 8<sup>th</sup> here at St Mary School. Chess is a wonderful game to help build critical thinking and organizational skills. We will have checkers for our younger students. The students will meet on the **First and Third Thursday** of most months. **Please see dates for Chess Club below.** We would like to invite parent/guardian volunteers to help. Parents/guardians will need to be finger printed and Virtus trained.

Your student does not have to know how to play the games to join us. Learning how to play is part of the fun. The club will meet from 2:45-4:00 in the Science Lab. You may pack a light snack that they can have from 2:45 until we start to play at 3:00. The students will clean up the tables before we start so they will need **a napkin or paper towel to place under their snack.** You will also need to provide transportation home. You must pick up your child on time and at the 8<sup>th</sup> grade doors by the science lab at 4:00 pm.

Our first meeting will be Thursday, October 6th.

Please fill out and return the form below if your child is interested in joining our Chess Club.

Subject: Annual Notification of Asbestos Management Plan

To: Staff, Teachers, Building Occupants and Employee Organizations or Legal Guardians

In the past, asbestos was used extensively in building materials because of its insulating, sound absorbing, and fire retarding capabilities. Virtually any building constructed before the late 1970s contained some asbestos. Intact and undisturbed asbestos materials generally do not pose a health risk. Asbestos materials, however, can become hazardous when, due to damage or deterioration over time, they release fibers. If the fibers are inhaled, they can lead to health problems, such as cancer and asbestosis.

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which requires schools to be inspected to identify any asbestos containing building materials. Suspected asbestos-containing building materials were located, sampled (or assumed) and rated according to condition and potential hazard. Every three (3) years, St. Mary School will have a re-inspection conducted to determine whether the condition of the known or assumed asbestos containing building materials (ACBM) has changed and to make recommendations on managing or removing the ACBM. At the last re-inspection conducted on October 2, 2014, all materials listed in the Management Plan as asbestos containing (or assumed to be asbestos-containing) were inspected.

The law further requires an asbestos management plan to be in place by July 1989. St. Mary School developed a plan, as required, which will continue to be updated. The plan has several ongoing requirements: publish a notification on management plan availability and the status of asbestos activities; educate and train its employees about asbestos and how to deal with it; notify short-term or temporary workers on the locations of the asbestos containing building materials; post warning labels in routine maintenance areas where asbestos was previously identified or assumed; follow set plans and procedures designed to minimize the disturbance of asbestos containing building materials; and survey the condition of these materials every six (6) months to assure that they remain in good condition.

It is the intention of St. Mary School to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work. You are welcome to review a copy of the asbestos management plan in Diocese of Camden school administrative office or administrative office of the school during regular business hours. Deacon Mike is our designed asbestos program coordinator, and all inquiries regarding the asbestos plan and asbestos-related issues should be directed to Deacon Mike at 856-629-6190.

## Champion Coach Note

Educating and Forming Champion Coaches

### Inspiring Transformational Change

Legendary basketball coach John Wooden once remarked, *"A good coach can change a game. A great coach can change a life."*

For coaches at all levels, this opportunity to impact the lives of young athletes is both a great blessing and a tremendous responsibility. *Play Like a Champion* believes that when coaches embrace this opportunity, sports offer a vehicle to transform the lives of those who participate, a place where young athletes can grow physically, mentally, socially, morally and spiritually to become the best version of themselves. That growth requires *transformational leadership*. Whereas transactional leaders operate with a reward and punishment system that places an emphasis on the short-term results of a drill or game, the transformational leader is concerned with maximizing the ability of an athlete or team, taking them from where they are to levels they never thought possible.

Darrell "Flash" Gordon knows all about transformational leadership. A former Notre Dame linebacker and 1988 National Champion, Gordon's life was transformed by great coaches. [In the video above](#), he explains how his "Flash Points" can help people change from who they are to who they want to become. These simple steps can help coaches to work with athletes of all ages to maximize their potential on and off the field.

**Are you a transformational coach?** Ponder this question, then find one way that you can work to focus on promoting positive growth with your athletes. Often, this begins by simply demonstrating that you *care*. Consider how the process described in the video can be used yourself or with your team, then start the process of making the change you want to see a reality.

***But Jesus called them to him and said, "You know that the rulers of the Gentiles lord it over them, and their great men exercise authority over them. It shall not be so among you; but whoever would be great among you must be your servant and whoever would be first among you must be your slave; even as the Son of man came not to be served but to serve, and to give his life as a ransom for many." ~ Matthew 20:25-28***

## A Prayer for Teams

Heavenly Father, we ask that you help our team to grow in the virtue of humility this season. Help each of us individually, as coaches and players, to glorify God for our talents and gifts while working hard to realize those God-given talents to the best of our ability. Help us always to seek God's will in how we use our talents and gifts for the good of others and help us to submit to the authority of our coaches, parents, and others who truly want us to realize these gifts. Grant that we may become more humble through our practice and games this week. We ask this through Christ our Lord, Amen.
